MAHESH MANIYA

SR. PYTHON DEVELOPER

CONTACT

✉ maheshmaniya000@gmail.com

◎ Surat, India

CORE SKILLS

- Python/Django
- Flask
- TensorFlow
- PyTorch
- Scikit-learn
- AWS/Docker
- HubSpot API & OpenAI
- Git, Jira, & CI/CD tools
- Azure (Azure Functions, Azure Service Bus, Azure Container Instances, Azure Log Analytics)
- JavaScript (Node.js, React.js, Next.js, Vue.js, Nuxt.js)

EDUCATION

Bachelor of Computer Engineering (BCE)

Government Engineering College, Modasa

2013-2017

LANGUAGES

English   ◆ ◆ ◆ ◆ ◇

Hindi   ◆ ◆ ◆ ◆ ◆

Gujarati   ◆ ◆ ◆ ◆ ◆

SOFT SKILLS

- Multitasking
- Team management
- Problem resolution
- Active listening
- Decision-making
- Calm under pressure
- Maintenance & repair
- Self-Directed
- Analytical thinking
- Verbal communication
- Relationship building

PROFILE

Highly skilled Sr. Python Engineer with 7+ years of experience specializing in cloud automation, containerization, and Python programming. Proficient in building scalable, event-driven systems and managing automated processes. Strong background in Azure services, Docker, and API integration, with hands-on expertise in Azure Log Analytics for logging, monitoring, and alerting. Adept at working both independently and in collaborative teams to deliver user-friendly, visually stunning, and well-architected applications. Passionate about clean, maintainable code, and delivering high-quality results within deadlines.

WORK EXPERIENCE

Sr. Python Engineer

Dignizant Technologies LLP   May 2020 - Present

- Designed and developed scalable event-driven systems, ensuring seamless integration with third-party APIs like HubSpot and OpenAI.

- Utilized Azure services such as Azure Functions and Azure Service Bus to build scalable solutions, ensuring high availability and optimal performance.

- Leveraged Azure Log Analytics for logging, monitoring, and alerting, ensuring operational efficiency and proactive issue resolution.

- Worked with Docker to containerize applications, ensuring consistency across environments and simplifying deployment processes.

- Collaborated with cross-functional teams to develop high-quality applications, writing clean, maintainable, and efficient code.

- Delivered end-to-end solutions for complex projects, meeting deadlines and exceeding client expectations.

Full-Stack Developer

Atlas Technologies   Sep. 2017 - April 2020

- Developed and maintained multiple web applications using Python, Node.js, and frontend frameworks like React.js and Vue.js.

- Integrated third-party APIs and cloud services to enhance app functionality, streamline workflows, and improve performance.

- Managed both the frontend and backend of applications, ensuring seamless user experiences and smooth application flow.

- Participated in team collaborations, offering insights and ideas to improve code quality and application performance.

- Led projects independently and met deadlines consistently while ensuring high-quality standards.
